Aluminum Windows and doors

Our aluminum windows and doors are designed for durability and style. Whether you're building a modern commercial complex or upgrading your home, we offer a wide range of high-quality aluminum window and door options that combine strength, elegance, and energy efficiency

Client: Multichem

Shower Glass Doors

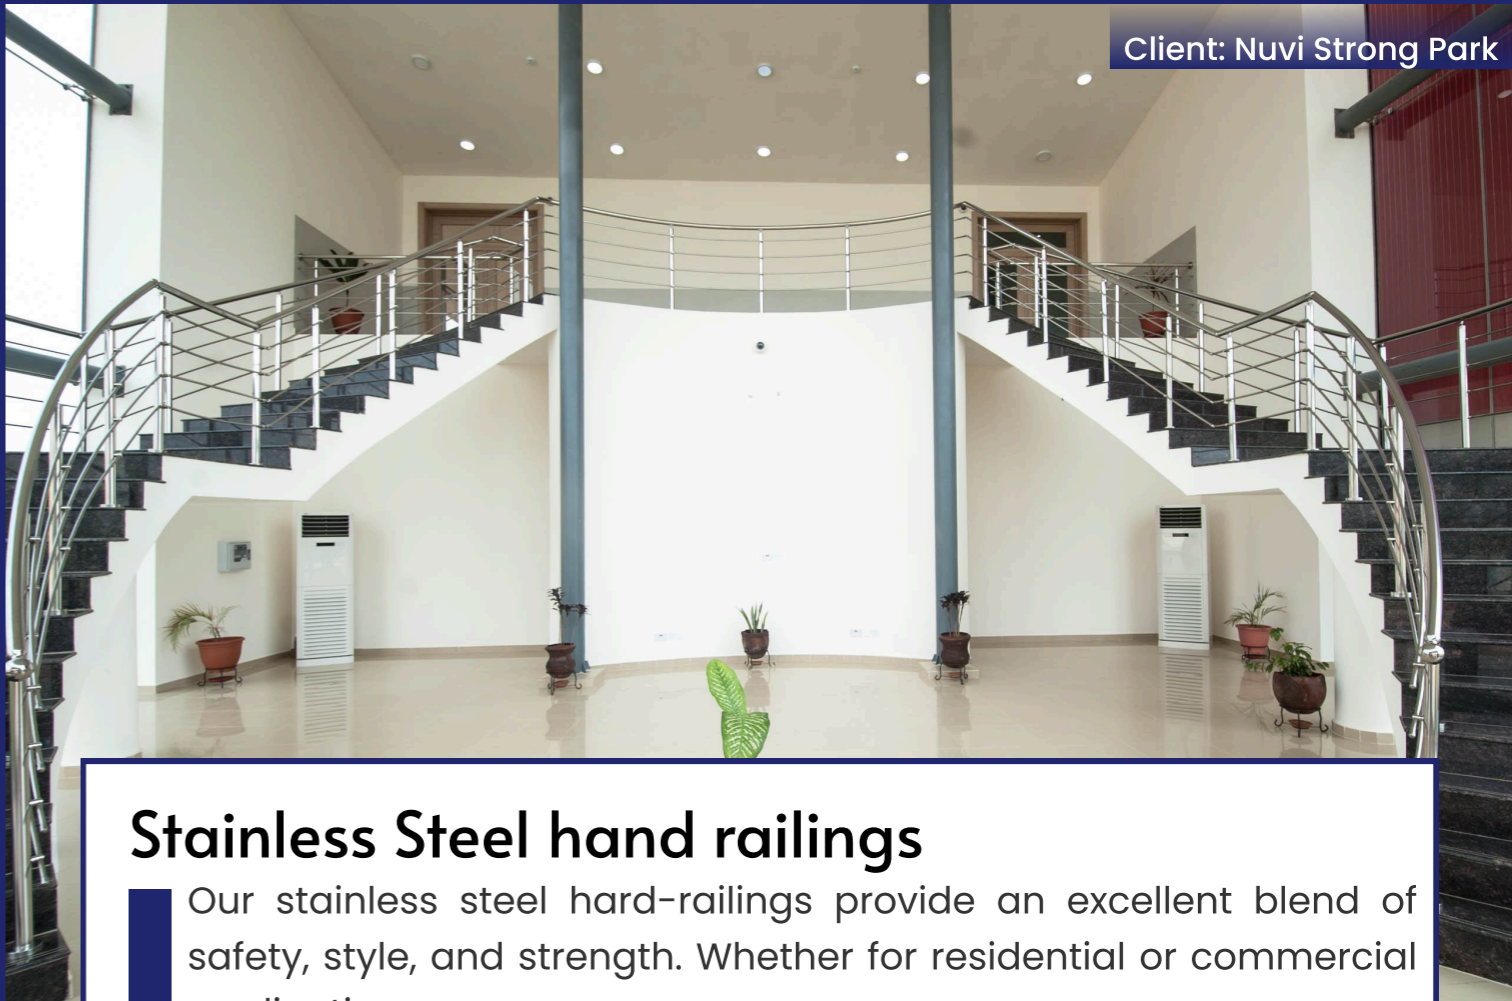

Stylish and functional, our shower glass doors are crafted with the highest quality materials, offering clear views and easy maintenance while enhancing the look of your bathroom.

Glass Partitioning

Glass partitioning offers a sleek, modern alternative to traditional walls. Perfect for offices, retail spaces, or residential areas, our glass partitions are customizable and create open, airy spaces while maintaining privacy.

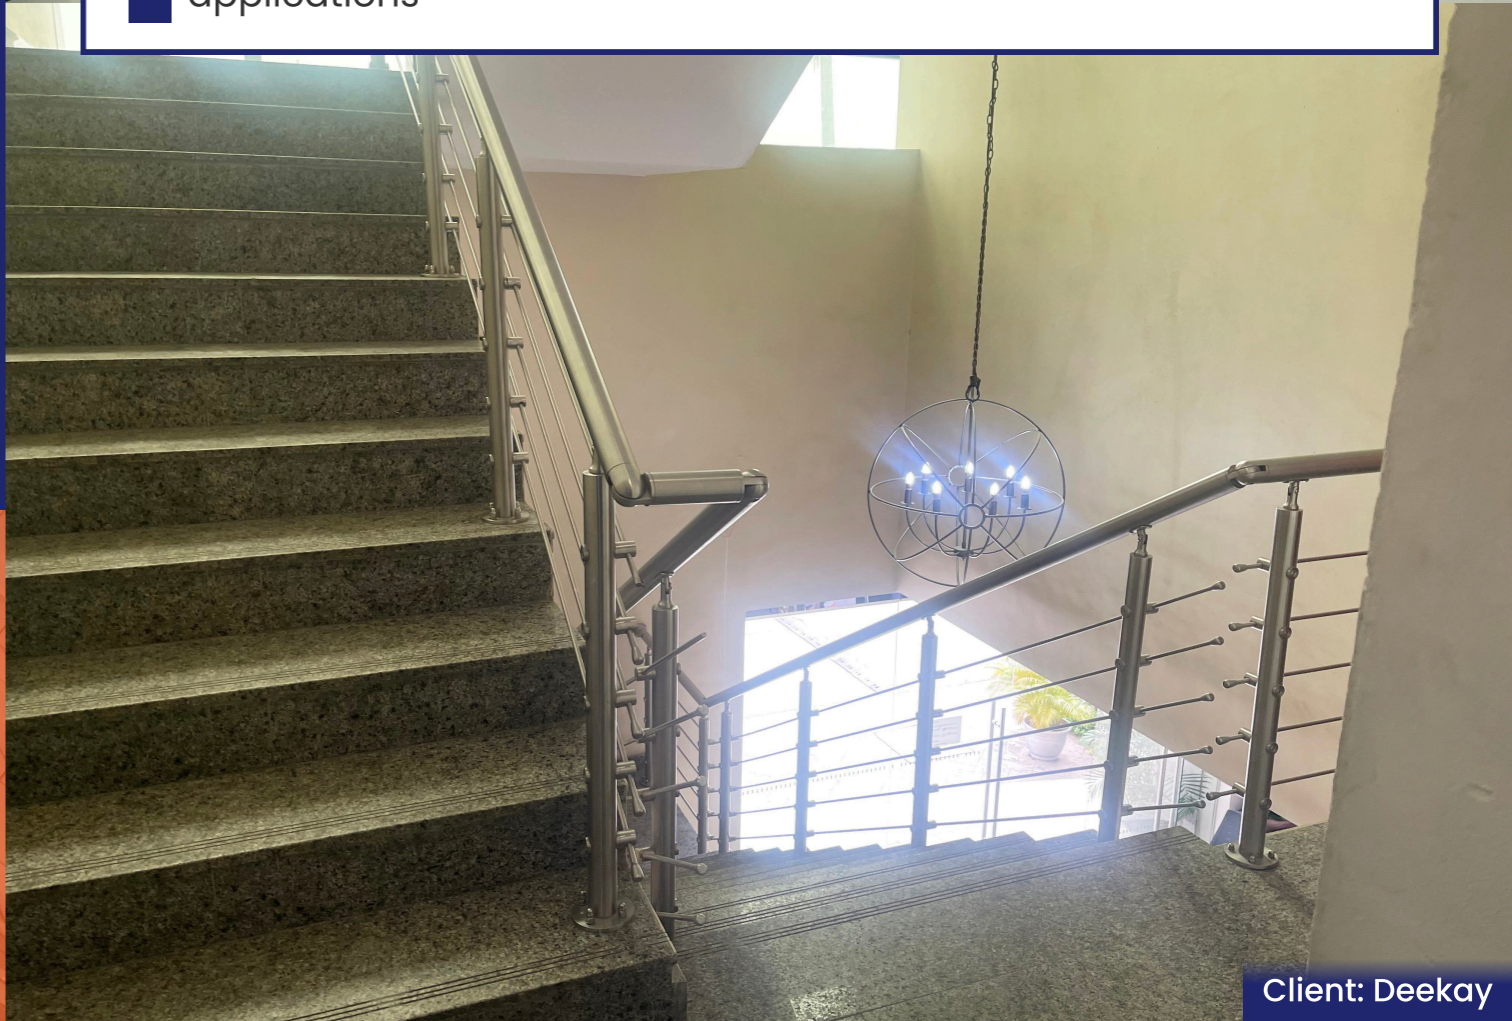

Client: Multichem

Client: Nuvi Strong Park

Stainless Steel hand railings

Our stainless steel hand-railings provide an excellent blend of safety, style, and strength. Whether for residential or commercial applications

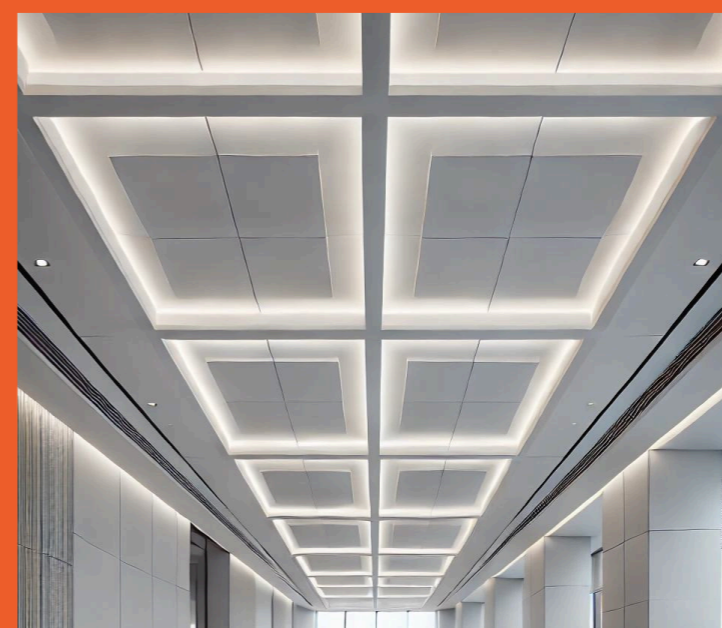

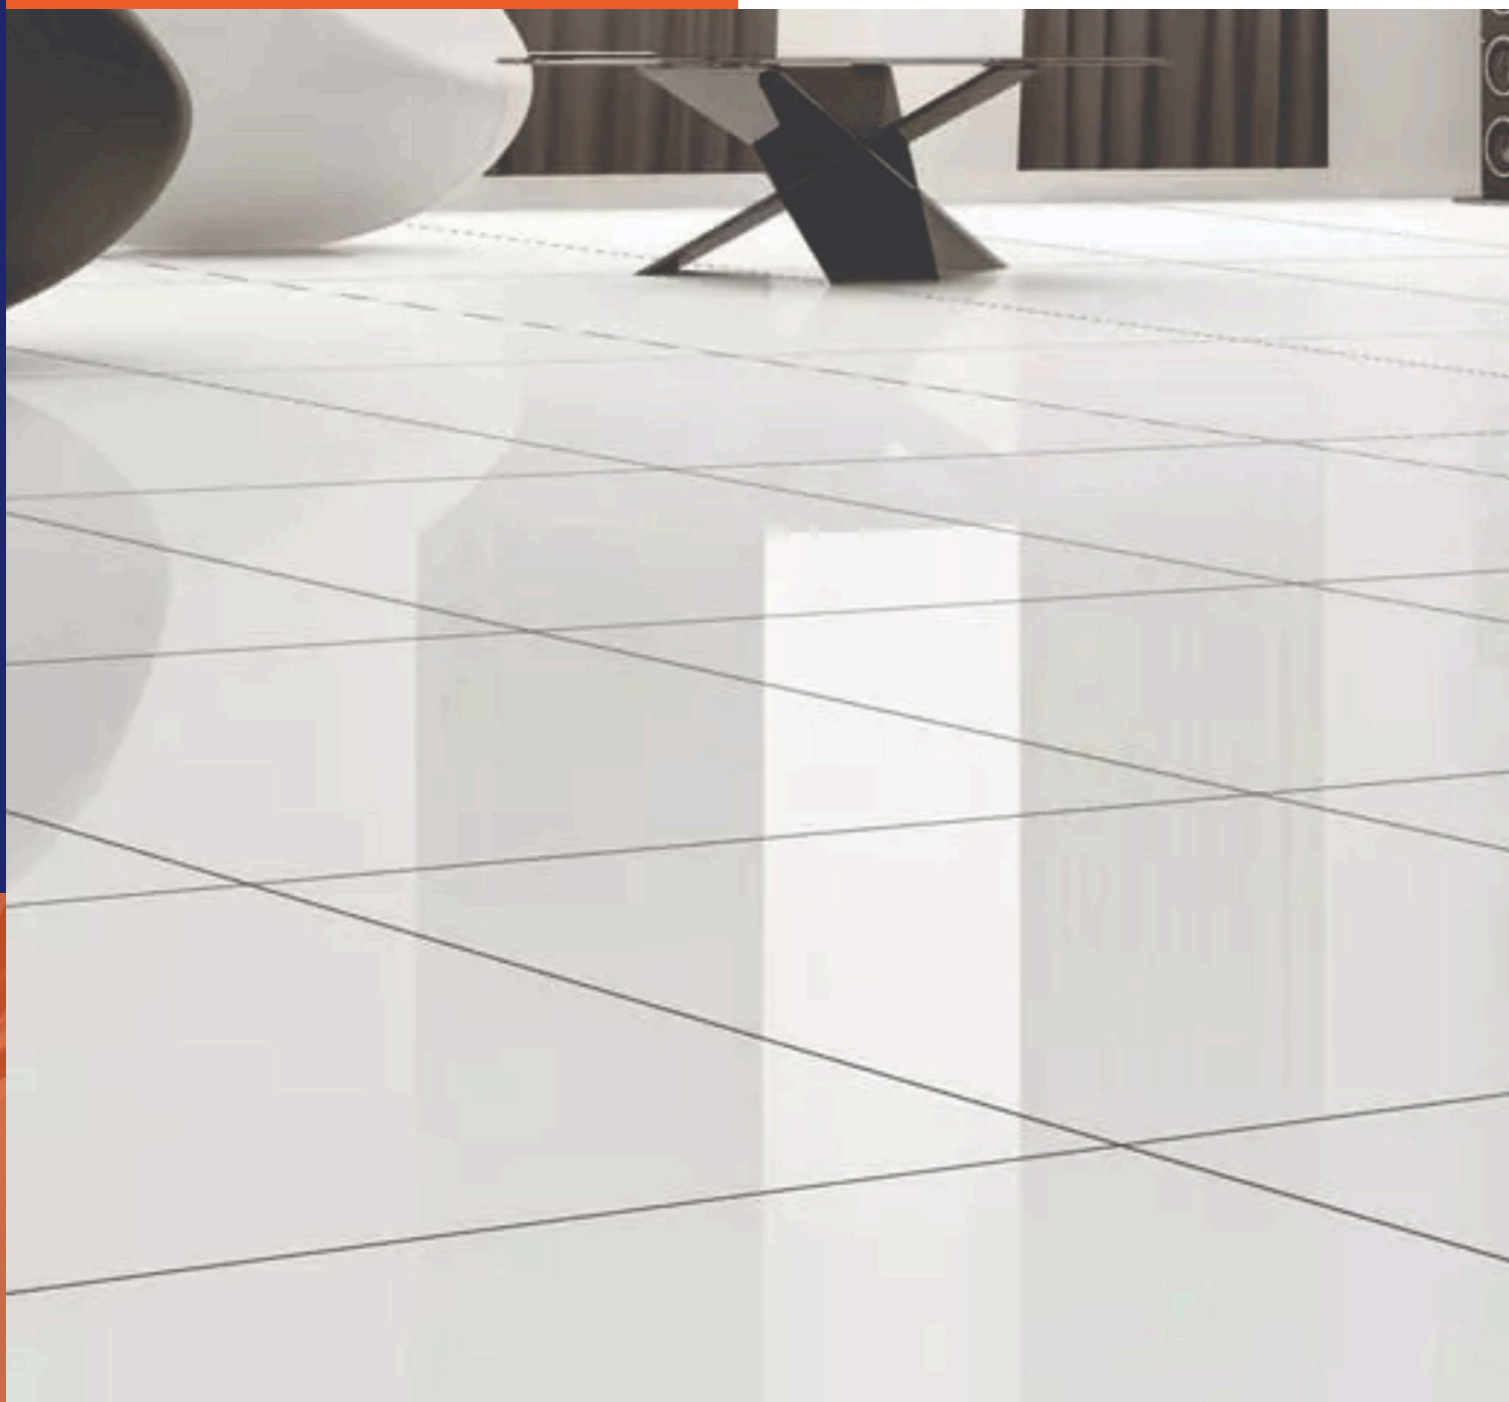

Client: Deekay

Interior Floor (Laminate or Ceramic Floor)

We install high-quality laminate and ceramic flooring options that are both durable and aesthetically pleasing.

Suspended Ceiling

Available in gypsum, mineral fiber, and metal finishes, our suspended ceilings provide excellent acoustic properties, hide unsightly wiring, and create a polished look in any room.

Curtain walling

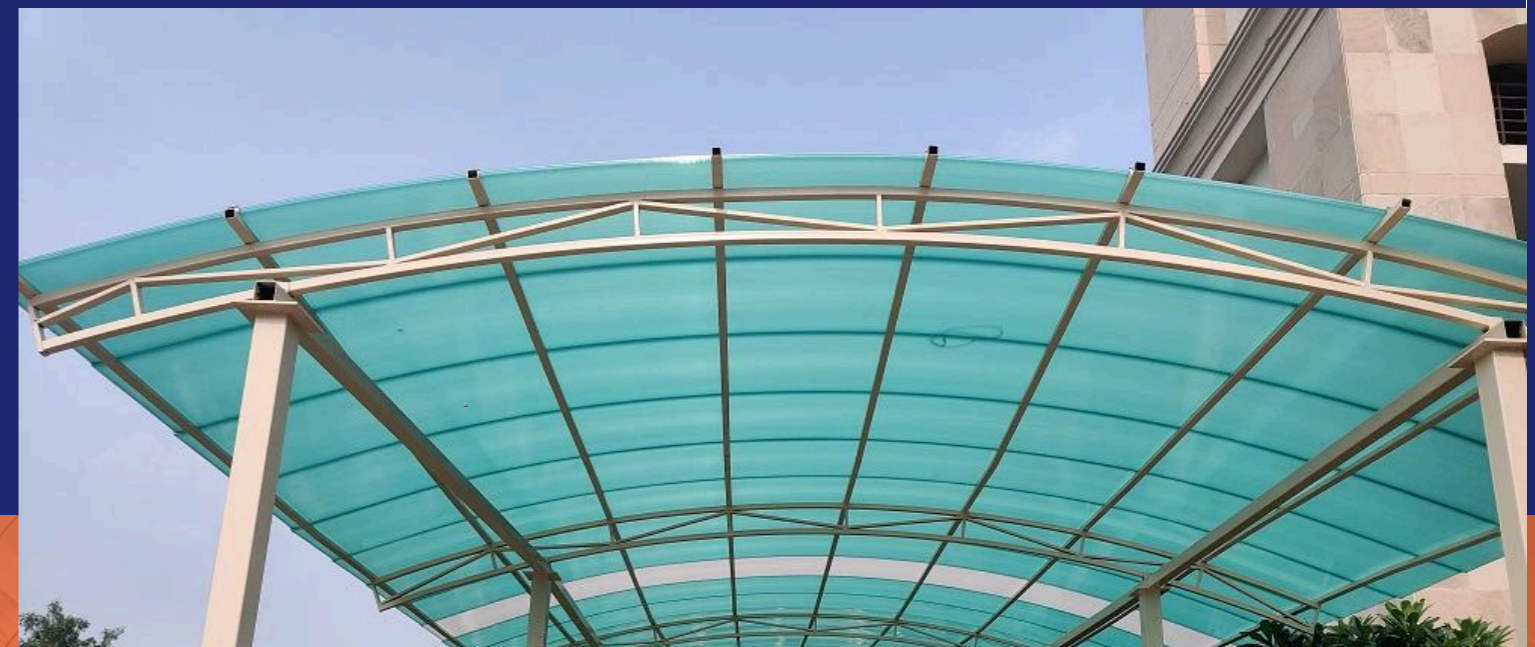

Curtain walling provides aesthetic appeal to any building's exterior. We install custom curtain wall systems that are both functional and elegant, offering optimal lighting and temperature control.

Client: Deekay

Dapanlon

Dapanlon provides translucent cladding for buildings, creating a beautifully diffused light effect inside. Perfect for creating bright, energy-efficient spaces that feel open and welcoming.

The impact of a poor warehouse facility layout on your business

-  Decreased Productivity
-  Damage goods
-  Inventory inaccuracy
-  Safety issues
-  Order fulfilment issues

All of which ultimately impacts your Profitability

With improved organization comes enhanced efficiency

Improving your profitability through a tailored warehouse storage solution

-  **Increase in Productivity**
Making goods easier to location access and pick will improve staff productivity
-  **Increase space optimisation by at least 30%**
Maximise your existing warehouse space to enable your business to grow without the need for a new warehouse
-  **Decreases damages**
Improves the utilisation of your stock by reducing the damages and risk of obsolescence
-  **Increase in safety**
Safe access to goods reduce the risk of safety incidents in your warehouse
-  **Faster Reconciliation**
Solution helps in faster reconciliation of stocks and helps in reducing the pilferage
